Date: 26.06.2025

Subject: Introduction of Competitive Examination Preparation for **Grades 6 to 12**

Dear Parents,

We are pleased to inform you that our school is introducing a structured approach to integrate preparation for **competitive examinations—such as NEET, IIT-JEE, Civil Services, and other national-level competitions—**into the regular curriculum for students from **Grade 6 to Grade 12**.

This initiative aims to:

1. Build a **strong academic foundation** from an early stage.
2. Develop **critical thinking** and **analytical skills**.
3. Enhance **problem-solving abilities**.
4. Improve **time management** and **exam strategies**.
5. Encourage a **competitive spirit** and **boost confidence**.
6. Provide students with early exposure to the **format and expectations of competitive exams**.

To support this program, we kindly request that all students maintain a **separate notebook** specifically for competitive exam preparation. We request parents to send one **new notebook** with their child at the earliest.

Further details regarding the curriculum integration and academic support system will be shared shortly.

We sincerely thank you for your cooperation and support as we work together to provide your child with the tools needed to achieve academic success and face future challenges with confidence.

Warm regards,

Chinmay International School-CBSE
